

TURING

PARTNER PROGRAM 2026

A PARTNER PROGRAM BUILT FOR YOUR SUCCESS

The Turing Partner Program aimed at empowering partners by aligning with their business models and helping them thrive in the evolving landscape of AI-powered cloud surveillance.

Our program offers our partners:

- ✓ The ability to provide their customers the latest in NDAA compliant camera and NVR technologies.
- ✓ Expand their portfolio and services with an AI-powered cloud surveillance platform, and take advantage of recurring revenue streams.
- ✓ An additional layer of analytics and business insights for customers to transform their physical security infrastructure and improve operational efficiencies.

We are committed to being a partner-first company, providing our partners with comprehensive sales, marketing, platform, and technical support. Additionally, we offer tiered pricing discounts to ensure their success and foster long-term growth.
